

PLANTILLAS ROGELIO INÉS

ORGANIC & VEGAN INSOLES

FOOTSANIT ECOLOGIC

PLANTILLAS ROGELIO INÉS

**SINCE
1983**

We are a manufacturing company of insoles and footwear accessories.

**FOCUSED
ON FOOT
CARE**

We offer effective solutions for the most common foot problems, such as odour, sweating and comfort.

**RESEARCH
TRADITION**

Developed in collaboration with leading institutions such as:
INESCOP, IBV (Biomechanics Institute of Valencia), ITA Aragón,
Podoactiva and the Official College of Podiatrists

INSTITUTO DE
BIOMECÁNICA
DE VALENCIA

Footsanit
Ecologic

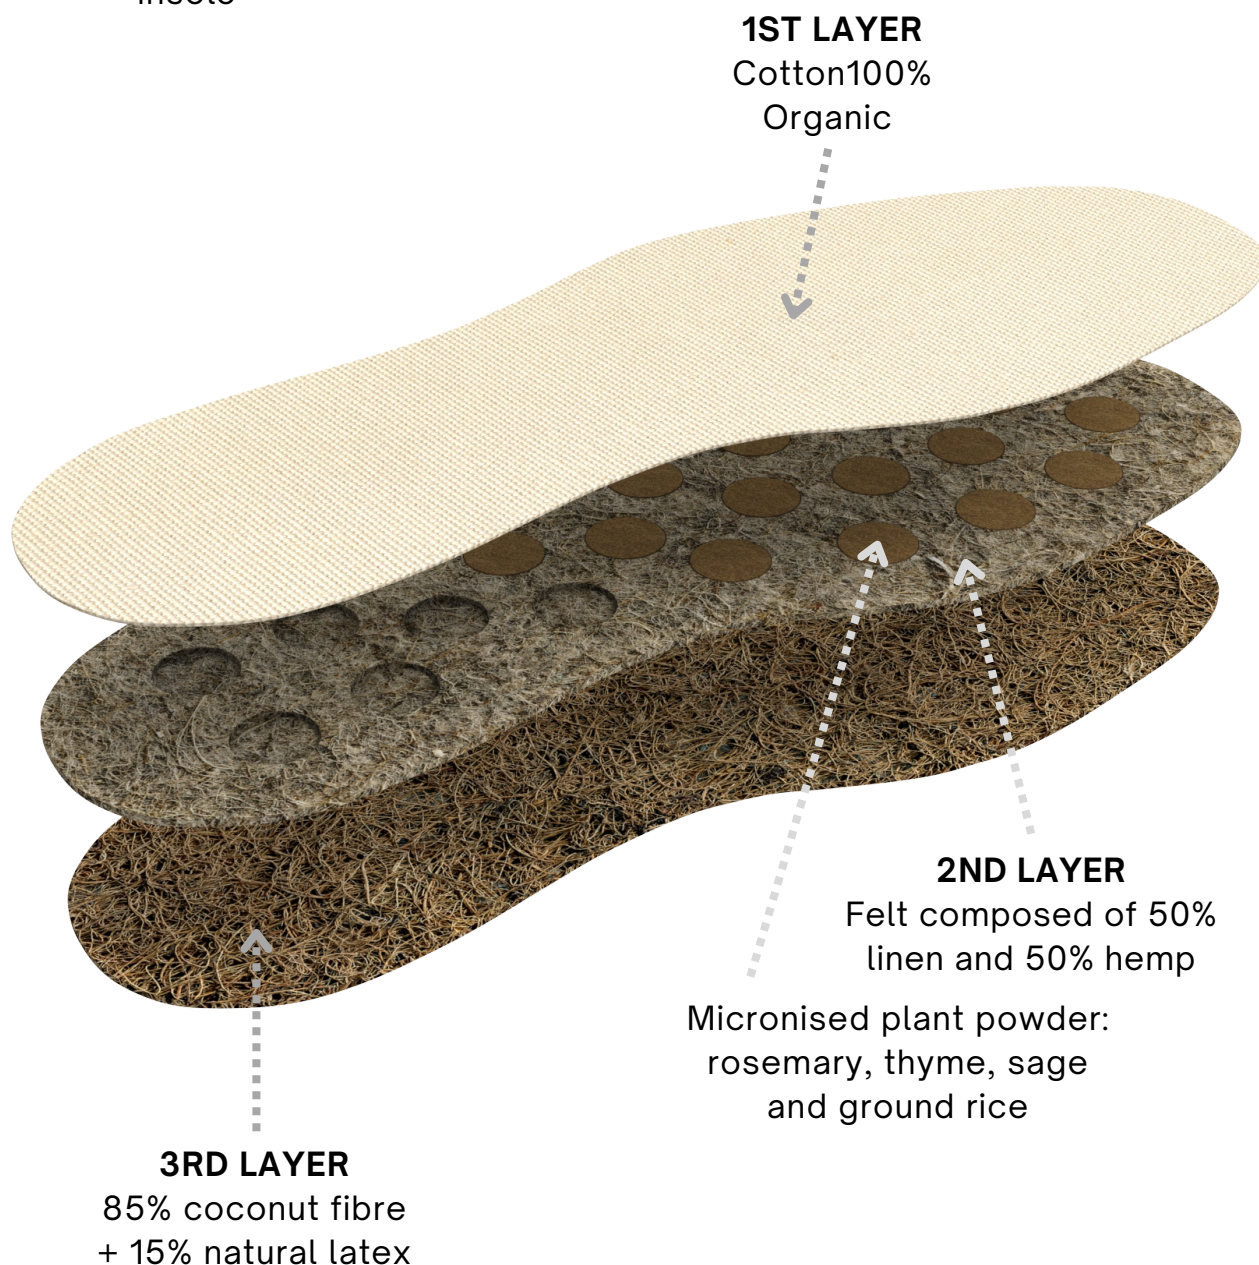

Ecological and Vegan Insoles

Eliminates bad odour and naturally regulates sweating thanks to our exclusive formula with micronised plants (rosemary, thyme, sage and ground rice). Designed with carefully selected materials to offer maximum comfort and wellbeing with every step.

HOW DO OUR INSOLES WORK?

Example of the composition of the flat coconut insole

VENUS ECOLOGIC

- **Composition:** (91% recycled materials):
 - 1st layer: 65% recycled cotton, 30% polyester, 5% other fibres.
 - 2nd layer: 85% recycled sisal fibre (coffee bags) + 15% natural latex + micronised plants (rosemary, thyme, sage, ground rice).
 - 3rd layer: 100% recycled polypropylene arch support + metatarsal pad and SBR heel cup.
- **Indication:** tired feet, plantar fasciitis, sweating, bad odour.
- **High breathability.**
- **Certifications:** VEGAN INESCOP | Circular Economy.
- **Differentiator:** Only model with anatomical 3-point support + maximum % recycled (91%).

Breathable | Absorbent | Antifungal | Antibacterial | Natural Fragrance

ANATOMIC SISAL

- **Composition:** (86% recycled materials):
 - 1st layer: 65% recycled cotton, 30% polyester, 5% other fibres.
 - 2nd layer: 85% recycled sisal fibre (coffee bags) + 15% natural latex + micronised plants (rosemary, thyme, sage, ground rice).
- **Indication:** excess sweating and bad odour of feet and footwear.
- **High breathability.**
- **Certifications:** VEGAN INESCOP | Circular Economy.
- **Differentiator:** Sisal base – anatomical profile without reinforced support, maximum versatility.

Breathable | Absorbent | Antifungal | Antibacterial | Natural Fragrance

ANTISHOCK SISAL

- **Composition:** (86% recycled materials):
 - 1st layer: 65% recycled cotton, 30% polyester, 5% other fibres.
 - 2nd layer: recycled SBR foam antishock pad.
 - 3rd layer: 85% recycled sisal fibre (coffee bags) + 15% natural latex + micronised plants (rosemary, thyme, sage, ground rice).
- **Indication:** sweating, bad odour, additional cushioning.
- **High breathability.**
- **Certifications:** VEGAN INESCOP | Circular Economy.
- **Differentiator:** The only ecological insole with recycled antishock cushioning.

Antishock | Breathable | Absorbent | Antifungal | Antibacterial | Natural Fragrance

FLAT SISAL

- **Composition:** (86% recycled materials):
 - 1st layer: 65% recycled cotton, 30% polyester, 5% other fibres.
 - 2nd layer: 85% recycled sisal fibre (coffee bags) + 15% natural latex + micronised plants (rosemary, thyme, sage, ground rice).
- **Indication:** sweating, bad odour.
- **High breathability.**
- **Certifications:** VEGAN INESCOP | Circular Economy.
- **Differentiator:** Flat profile.

Breathable | Absorbent | Antifungal | Antibacterial | Natural Fragrance

FLAT COCONUT

- **Composition:** (100% plant and natural products):
 - 1st layer: 100% organic cotton.
 - 2nd layer: felt (50% linen + 50% hemp) + micronised plants (rosemary, thyme, sage, ground rice).
 - 3rd layer: 85% coconut fibre + 15% natural latex.
- **Indication:** sweating and bad odour; 100% natural product.
- **High breathability.**
- **Certifications:** VEGAN INESCOPE.
- **Differentiator:** 100% natural – maximum plant purity, no synthetic components.

100% Natural | Breathable | Absorbent | Antifungal | Antibacterial | Natural Fragrance

ANATOMIC COCONUT

- **Composition:** (100% plant and natural products):
 - 1st layer: 100% organic cotton.
 - 2nd layer: felt (50% linen + 50% hemp) + micronised plants (rosemary, thyme, sage, ground rice).
 - 3rd layer: 85% coconut fibre + 15% natural latex.
- **Indication:** sweating and bad odour; 100% natural product with support.
- **High breathability.**
- **Certifications:** VEGAN INESCOPE.
- **Differentiator:** 100% natural + anatomical – ergonomic support without synthetic components.

100% Natural | Breathable | Absorbent | Antifungal | Antibacterial | Natural Fragrance

BAREFOOT HEMP

- **Composition:** (100% plant and natural products):
 - 1st layer: 100% organic cotton.
 - 2nd layer: 100% hemp felt base.
- **Indication:** sweating.
- **High breathability.**
- **Certifications:** VEGAN INESCOP.
- **Differentiator:** 100% natural.

100% Natural | Breathable | Absorbent | Vegan

PRIVATE LABEL PACKAGING SOLUTIONS

**We offer OEM service
and white label with full
customisation**

Packaging, labelling, composition and formats.
Available with minimum order.

Quality Made in Spain

**VEGAN Inescop Certification
and circular economy materials**

Risk-free pilot order
